Subject: Exceptional Event Initial Notification - El Paso area, PM monitors,, calendar 2018
Attachments: Exceptional Event Initial Notification 2016 rule updated.docx

Holly, Could you pass this email along to the correct TCEQ contact? Thanks

We would like to begin discussions with TCEQ on the Exceptional Event Initial Notification process for Particulate Matter exceedances which were measured at monitors in the El Paso area during calendar year 2018. I would be happy to set up a conference call to start the discussion. As a reminder, attached is an updated EPA Region 6 summary on expectations for the Initial Notification process. Thanks
